

RENAISSANCE NEW RICHMOND, INC.

2022 Overview

A message from our President

Just a few years back, a group of community minded people formed an all-volunteer 501(c)(3) corporation called Renaissance New Richmond Inc (RNRI). We saw the need for a “grass roots” all volunteer organization to help stimulate the economy of our historic Ohio River village and to improve the quality of life of our residents.

This past year, marked by the COVID pandemic did not cause our organization to slow our activities. Quite to the contrary, our activities increased. The hallmark of our accomplishments was the completion of the Elko Memorial Dog Park on village owned property, which required us to raise over \$60,000 through grants from our county, a large multinational company, our township, our village, our local businesses, and individual donors. The park is now operating and is truly a positive asset to our community.

In addition to the park, we cosponsored 18 live music performances on our riverfront to the enjoyment of village residents and visitors alike, funded a memorial to a deserving life-long resident, supported several festivals, important local charities, and worked with the news media to create a positive regional image for our community with investors.

As President of Renaissance New Richmond Inc. I am very proud of the progress that we made during a time plagued by a pandemic, the closure of the Beckjord Power plant and the closure of the Zimmer power plant. The future looks bright as we continue to build our team and expertise to support our community in such areas as investment attraction and project grant writing.

The Renaissance New Richmond Inc. team believes that we have a wonderful community which is poised for growth and prosperity, and we stand ready to continue play an important role in bringing this prosperity to fruition.

MISSION

Renaissance New Richmond, Inc. is a grassroots 501(c)(3) non-profit. Our mission is to improve the Village of New Richmond, Ohio through volunteer service and community partnerships. We are dedicated to increasing economic prosperity and cultural development.
